## Hackathons

# About

The Nordic Hackathon is organised by Stockholm University and Karolinska Institutet and supported by Health Data Sweden.

[Health Data Sweden](#) is a European Digital Innovation Hub (EDIH) working to improve access and use of health data in Sweden. As an EDIH, HDS is a national network supporting digital innovations in healthcare, with a focus on interoperability, data management, and AI solutions. Participants are primarily regions, universities, and innovation hubs.

## Operationalising Precision Health

Radical Health Festival Helsinki is where bold ideas meet real action — and where new alliances for health are born.

We are a festival, not a conference. A movement for those ready to challenge the old ways, rethink prevention and care, and drive health transformation across Europe and beyond. In 2026, we focus on Operationalising Precision Health — making it real, together.

# Lääkäripäivät Helsingissä 21.-22.1.2026

Täydennyskoulutusta tiiviisti tarpeeseen, osaamisperusteisesti, työtä ajatellen ja sen arjessa kiinni.

## Kurssit

Tutustu Lääkäripäivien kursseihin ja oheisohjelmaan päiväkohtaisesti tai hyödynnä hakua.

## Oheisohjelma

Kuule kiinnostavimmat keskustelut, inspiroidu näytelyssä ja viihdy avajaississa sekä LääkäriBileissä.

## Ilmoittaudu nyt!

Tule 1–2 päiväksi tai pelkästään näytelyyn – muista hyödyntää early bird - hinnat 11.1.2026 mennessä.
